

## Variable importance

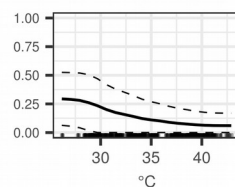

## Rainfall b/w 4 and 5 weeks

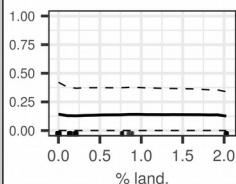

## Nocturnal temperature: b/w 1 and 3 weeks

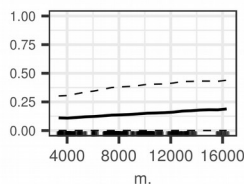

## Diurnal temperatures b/w 2 and 4 weeks

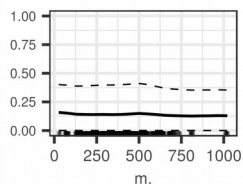

## Permanent water 2000 m buffer

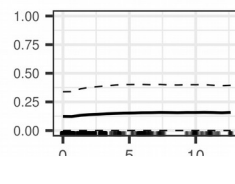

## Length of the streams

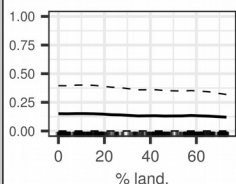

## Shortest dist. to stream

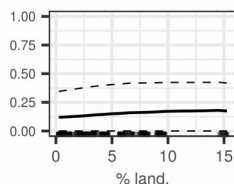

## Riparian forests 1000 m buffer

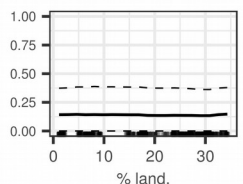

## Crops 500 m buffer

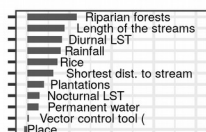

## Rice 2000 m buffer

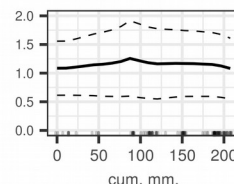

## Plantations 2000 m buffer

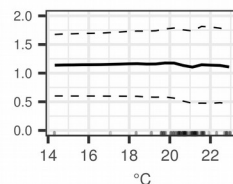

## Variable importance

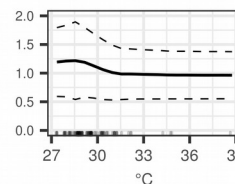

## Rainfall b/w 3 and 5 weeks

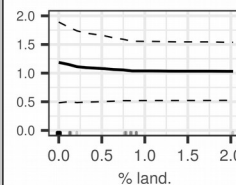

## Nocturnal temperatures b/w 4 and 6 weeks

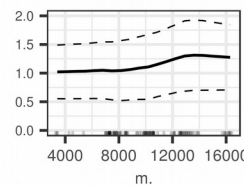

## Diurnal temperatures b/w 2 and 6 weeks

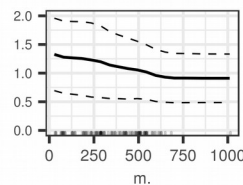

## Permanent water 2000 m buffer

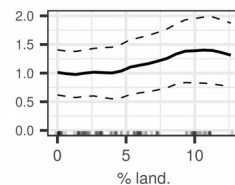

## Length of the streams

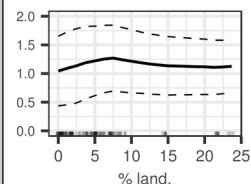

## Shortest dist. to stream

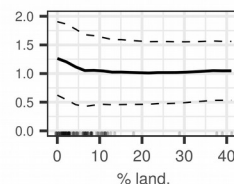

## Riparian forests 1000 m buffer

## Rice 1000 m buffer

## Plantations 500 m buffer
